01 December 2025

**Statement on EU Regulation 1907/2006 (REACH) and EU Directive 2015/863 (RoHS)**

Dear Sir or Madam

All products distributed by us currently meet the criteria of EU Regulation 1907/2006 (REACH) as well as EU Directive 2015/863/EU (RoHS) and their subsequent provisions and annexes. Furthermore, our products are free from so-called "conflict minerals 3TG" ((EU) 2017/821).

**REACH**

Durbal Metallwarenfabrik GmbH is considered a "downstream user" under the EU Regulation and does not distribute any products subject to registration under this regulation, as we are neither a manufacturer, importer, nor dealer of chemical substances. The chemicals we use in production (e.g., lubricants and greases) never reach the lower threshold of 1 ton/year or 0.1 mass percent in the product, so we are not required to carry out registrations or prepare technical dossiers under the EU Regulation.

**RoHS**

Based on the list of substances of very high concern (SVHC), we review our products. We maintain the dialogue with our suppliers to ensure that all products comply with the requirements.

Best regards

i.V. Edgar Parsons-Klein  
Branch Manager

i.V. Alexandra Eckstein  
Commercial Manager
